

You made my rent zero and my welfare benefits, triple thank you very much! Hardship benefits, do not have to be repaid! I just have to prove once each month that I cannot access my money!

So let's do exactly the same thing each month! I come in and say will you unblock my ATM card and you say you need the Guam real ID and I say I cannot get the Guam real ID because Y blocked my money!

Let's continue this 10 years so I will have \$100,000 in the bank!

After 10 years, I will get the money for the Guam real ID by teaching other people this!
